To Chairman Abney & members of the committee,

I would first like to commend Majority Whip Kazarian for introducing this bill to gradually double the abysmally low amount of weeks budgeted for temporary caregiver's insurance, currently sitting at just four weeks. This bill does a sensible gradual increase to 6 weeks starting next year, and then two more years starting in 2023. This gives more time for people to care for a love one after an accident or medical procedure, and more time for new parents to develop their relationship with their child in the most vital years. Expanding TCI is not just good for them, but for the whole of RI's economy and communities.

Thank You,
